About Operation Community Cares:

Operation Community Cares is an organization that proactively supports the health and welfare of our American Servicemen and Women across the globe. Far too often, the commitment of our service people is forgotten and OCC specializes in programs that help service people to communicate and connect with family, friends and loved ones through the unique web-based environment. They have various programs that aim to support the troops' personal needs. Best of all, OCC carries its commitment to service people that are at home as well. For some, returning home can be a very trying and stressful experience. Our troops deserve the very best.
